

PGY-1 Pharmacy Practice Residency & PGY-2 Clinical Pharmacogenomics Residency

Save the Date

We invite all pharmacy students and PGY-1 pharmacy residents to meet with our team during the ASHP Midyear Virtual Residency Showcase Booth. Our RPD, preceptors, and residents look forward to meeting with you to share more information about the program.

ASHP Midyear Virtual Residency Showcase Booth:

December 7, 2020 3 to 6 p.m., EST

Our Programs

We are located in Moorestown, NJ and are dedicated to preparing pharmacists for the role of a clinical pharmacist, clinical coordinator, or adjunct faculty member in general clinical practice and clinical pharmacogenomics.

- *Whole-person care in complex patients with high disease burden*
- *Structured preparation for board certification in geriatric pharmacy*
- *Hands-on teaching experience*
- *Active clinical service development and research mentorship*
- *High level of flexibility to individualize the learning experience of the resident*
